

Connecticut Invention Convention
My Invention Convention Log

Name _____

The Name of This Invention:

DRINK

Log are my own.

Inventor's Name: _____

Signed _____

Date: _____

Grade: _____

Town: _____

1. What is your problem?

Kids keep asking for too
many snacks / drinks and need
to stay healthy.

2. What is your solution to your problem?

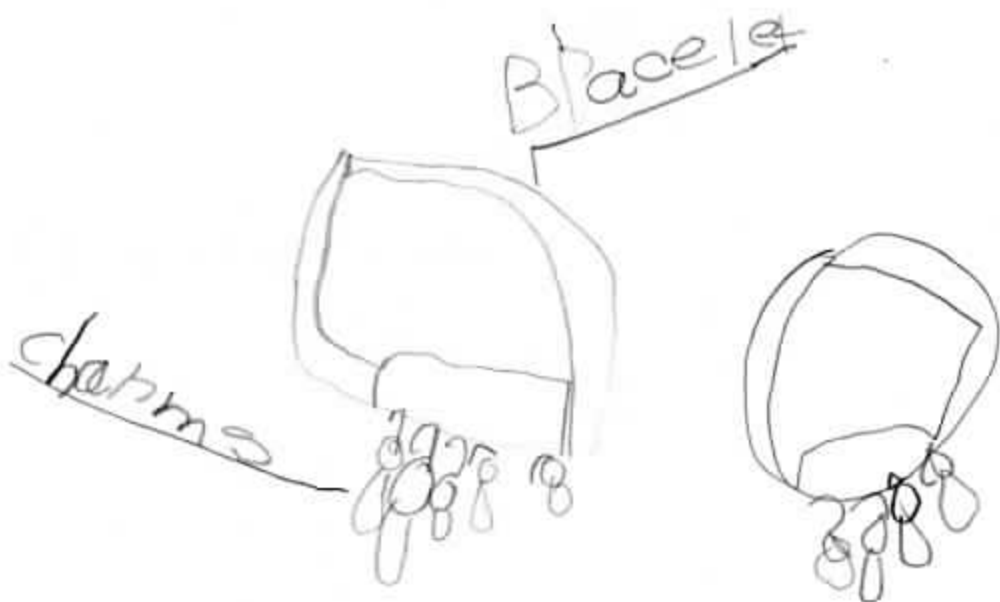

to make a way for
kids and Parents to keep
track of how many snacks
or drinks they have had
and how many they
can have.

3. Has this been invented before?

NO

If yes, explain:

4. Draw your Invention and label all the important parts:

5. Explain your invention:

Food and drink bracelets
that can be used to keep
track of each time

You eat a snack or
drink. Each time
you have a snack or
drink a charm is put on.

6. List your materials:

charms
hooks
wire bracelets
Pipe cleaners
Plugs
scissors

7. Who can help you with your invention?

MOM and dad

8. Test your invention. Does it work? How?

yes it works. A charm
was put on each time
I had a snack. I
had three snacks.

9. Are there any problems with your invention?

possibly

If yes, explain:

It would be helpful to
have a place to keep the
unused charms.

The hooks could fall off if
not put on correctly.

10. What does your invention do?

It keeps track of kids by adding a charm or PIR cleaner loop to the bracelet each time they have a snack or drink.

11. Who would use your invention?

Parents and kids.
