*The CIC Regional Events 2017 dates are dependent on many factors which frankly, are beyond our control. We regret if these dates cause problems for students', families' and teachers' prior schedules and commitments, however, we hope your child/student will consider participation in our events to be a wonderful and valuable experience.

Only pre-registered students who have been selected at their local school/district event and who have a completed, signed photo permission form, will be allowed to enter the venue. Thank you.
